

Creation Song

Tune: Glory Glory Hallelujah

Who made the colours of the rainbow?
Who made the fishes in the sea?
Who made the people all around us?
And who made you and me?

HASHEM made the colours of the rainbow
HASHEM made the fishes in the sea
HASHEM made the people all around us
And HASHEM made you and me

Who made the sun and the stars?
Who made the plants and the trees?
Who made the birds in the sky?
And who made you and me?

HASHEM made the sun and the stars
HASHEM made the plants and the trees
HASHEM made the birds in the sky
And HASHEM made you and me.
