Dear Parents,

This week we focused on Rosh Hashanah, learning the songs and making cards as well as apple printing. As the children settle into our gentle routine, they have been learning our Tefilla songs in English and Hebrew as well as our goodbye song. They continue to explore the environment and new resources. The children particularly enjoyed free play and exploring the outdoor environment. Their confidence continues to grow and we are very happy with the way in which they have settled.

As the separation process eases you will be able to find your child's name card with them in the morning and get them to put it into the key group box along with the green book, thus allowing them to become part of the process.

Next week is only a two day week so expect that your child may be a little more unsettled on return after the break.

Dear Parents,

This week we focused on Rosh Hashanah.

On Monday we went on our trip to the post box.

This was very exciting and we enjoyed counting the cars, buses and trees along the way. Some of us even got to see the post man with his red van, and had a picture with him. We hope by now you have all received your Rosh Hashanah cards!

On Tuesday we had a sweet and sour tasting session. We had salt, sugar, lemon juice, marmite, honey and chocolate spread. This was a great activity; we had an opportunity to explore our senses and vocabulary!

We have been finishing off our projects, and look forward to bringing them home to share with you over Rosh Hashanah.

The afternoon sessions have had fun going through obstacle courses, and doing music and movement with the sticky kids CD.
